BACKGROUND INFORMATION

Historical Note

The University of Swaziland developed from the University of Botswana, Lesotho and Swaziland (UBLS), formerly known as the University of Basutoland, Bechuanaland and Swaziland (UBBS), which had its headquarters in Lesotho between 1964 and 1975. The UBBS had developed from the Pius XII Catholic University College at Roma – so our history has quite deep roots. The University of Swaziland achieved its independent status as a fully-fledged University in 1982.

Since achieving university status, UNISWA has continued to grow and to develop in accordance with its stated aim of assisting national development. Student enrolment in accordance has risen steadily, paralleled by an ever-increasing output of graduates since the University’s first Congregation for the conferment of Degrees in 1982. In all 17,298 degrees have been conferred, 820 of them at the 2016 Graduation. The chief mandate, which the university has tried to implement, is human resource production. This is clearly indicated in the type of programmes selected at the beginning, which still constitute a major part of UNISWA programmes. Four levels, certificate, diploma, degree, masters were deliberately structured so as to allow upward mobility and a second chance to those who left school at the lower levels.

Responding to the emergent needs of the nation, UNISWA has embarked upon a new phase of development. Faculties have strengthened their programmes in an attempt to create educational and training opportunities for various individuals who have been unable, for one reason or another, to undertake conventional university education, UNISWA created the Institute of Distance Education (IDE) in 1996 to offer university education using the Distance Education delivery methods.

As it continues to evolve, the University of Swaziland is firmly committed to a programme of expansion and development to retain its relevance and the aim of producing the expert human resource, which the kingdom needs.
UNIVERSITY LIBRARY

The University Library consists of three decentralized but co-ordinate units at Kwaluseni, Luyengo and Mbabane. The main library at Kwaluseni has recently been extended and is now housed in a very fine air-conditioned building at the centre for the campus. The library holds an interesting collection of publications and documents related to Swaziland. References staff are available to provide answers to queries and advice on the use of library materials for information needs.

Non-members of the University should enquire from the Librarian about the services available to external borrowers.

WHAT TO EXPECT

A Guide for Prospective Students – 2017/2018

Further information can be obtained from the University of Swaziland Calendar 2016/2017. Copies of the Calendar are available in all high schools in Swaziland.

N.B. Fees are listed at the back of this pamphlet.

The closing date for receipt of all applications is 1st March 2017.

NOTIFICATION OF OUTCOME OF APPLICATION

All candidates who apply for admission to the University are notified of the outcome of their applications by end of June of the year for which admission is sought.

The table above indicates the points attained from each grade. These points are calculated from the best six subjects. Note: the General and Faculty Requirements stated still need to be fulfilled.

How to calculate points:

Example: If a candidate doing IGCSE/SGCSE gets the following grades

- Mathematics: B
- English as a Second Language: D
- SiSwati: C
- Religious Education: A
- Business Studies: A
- Economics: C
- Accounts: B
- History: C

The points tally would be:

- 7 (Religious Education)
- 7 (Business Studies)
- 6 (Accounts)
- 6 (Mathematics)
- 5 (SiSwati)
- 5 (Economics)

**Total points = 36**, however due to the **D** in **English** the candidate would not qualify.

The cut-off points for each programme for the previous three years are shown in the table below. Use this information as a guide as to which programme you best qualify with your results.

ENTRANCE QUALIFICATIONS

If you have decided to apply for admission, there are certain minimum requirements that you will need to meet in order to be considered for admission. There are many more applicants than there are places available and, therefore, the University has to use selection procedures. Applying to the University does not guarantee a place.

In order to enter the University to study for a degree programme, you MUST have a minimum of SIX PASSES in the SGCSE/IGCSE, and these must include passes at C GRADE OR BETTER IN ENGLISH LANGUAGE AND FOUR OTHER RELEVANT SUBJECTS.

The Mature Age Entry Scheme (details obtainable on request) serves as an alternative route for this special group of applicants e.g. applicants over 22 years of age who do not meet the normal entrance requirements. You must also note carefully the Special Requirements for the programme in each Faculty before you choose the programme you wish to apply for.
SPECIAL REQUIREMENTS

FACULTY OF AGRICULTURE

The Faculty of Agriculture offers the following degree programmes:

Agriculture-Related Programmes:
- Bachelor of Science in Agricultural and Biosystems Engineering
- Bachelor of Science in Agricultural Economics and AgriBusiness Management
